Thank you for your feedback Dennis, I'm encouraged to hear you think this draft looks better.

I wanted to let you know that Marc reached out to me yesterday with a different policy order that he wrote (which I am attaching to this email). Marc indicated he would support this resolution that he wrote and that he thinks it would pass.

Our group is meeting tonight and is going to consider whether we might want to take Marc up on his offer, propose the policy order Marc wrote and likely win the vote (albeit on an order with less teeth), *or* if we want to stick with the order Quinton helped us redraft (the one you just said looks better) knowing we'll (at best) lose the vote 6-3.

I will let you know what we decide after our meeting, but in the meantime I would certainly be interested to hear any thoughts you may have on the policy order Marc drafted (which again is attached to this email).

Yours,

William

I'm emailing to pass along a few documents we talked about you asked me to share with you:

1. The shortened version of our resolution that Quinton helped us write [attached]
2. Our 2-page campaign leaflet from 2018 with updated talking points [attached]
3. our 9-page report from 2016 with more detailed information on HP's role in violence and oppression in many countries around the world [attached]
4. The 1989 piece advocating against "singling out South Africa," which mirrors the argument we are hearing against Cambridge boycotting HP and talking about Israeli abuses of human rights [Linked HERE]
5. Jesse's post in the Facebook group Cambridge Town Hall about the push-call polling service, that has been calling the supporters of the HP boycott "a terrorist organization" and "Hamas" [attached as a screenshot and linked HERE]

We appreciate all the support you have shown us, and please do not hesitate to reach out any time with thoughts or questions.

Yours,

William
